

## Enquiries & Booking guidance

When emailing us please ensure you include the following:

1. Name and contact number
2. Size of the tattoo
3. Placement of the tattoo (where you would like it)
4. Photos/screenshots/sketches of designs and styles you would like
5. A brief explanation of the tattoo
6. Preferences for appointment times

We will then be in touch and be able to match you to an Artist that is suited to your design requirements.

To secure any tattoo appointment we require a non refundable deposit. Which is then deducted from the final cost of your tattoo.

You will receive an email/SMS reminder the day before your appointment. We send consent forms out by email/SMS from Timely which is our diary management software.

If you don't get the chance to complete the consent form before your appointment you can do this once you arrive at our studio.
